

EOD112**POLE CAMERA WITH AUDIO**

The Telescopic Pole Camera with Audio is designed for the visual and audio inspection of inaccessible and out of sight areas one might find when searching vehicles and lorries for stowaways and contraband.

**Features:**

- Completely Portable & Modular Video Inspection/Search Kit with built-in miniature microphone
- Lockable Swivel & Tilt - Pre adjust the camera head to any direction
- Supplied with IR Illuminated Colour Camera — Auto change to black & white in low light conditions. IP67 waterproofed for underwater inspection
- Supplied with trolley for quick conversion to a multi directional Under Vehicle Inspection Camera (available as an option in enhanced kit)
- Lightweight carbon-fibre telescopic pole for looking into upper floor windows, guttering, over trucks & containers. Extends from 500 mm to 2700 mm (shorter and longer poles available - up to 5600mm)
- Built in battery runs for 4 hours
- Rugged waterproof construction, excellent video picture, & built in audio makes it ideal for inspection in collapsed buildings & other disaster situations

Specifications:

- 60 mm Diameter Colour Camera Head with Built in IR Illumination – IP67 rated (Changes to black & white in low light conditions)
- 6.8" Colour LCD Monitor
- Batteries, 2.4 Ahr rechargeable Lithium-Ion up to 4 hours run time, 12V Charger
