

## EOD047

## Demolition Tool Kit

The Demolition Tool Kit is a lightweight self contained kit that contains all the ancillary equipment required to prepare and execute the majority of demolition tasks. The Demolition Tool Kit is suitable for use with both military and civilian organisations and is designed for use in demining and explosive ordnance clearing operations.

The entire contents is stored in a single tough nylon carry case with enough additional capacity so that the operator can include any additional items of choice.

### Contents:

- Ballistic Nylon Carry Case
- 250m MILSPEC firing cable
- Lightweight Cable Reel
- Electronic Exploder
- Digital Multi-Meter
- Detonator Crimping Tool
- Fuze Cutter
- Wire Stripper
- Multi Tool
- 5m Tape
- Stop Watch
- Detonator Holders
- Electrical Tape
- Folding Shovel
