

PPE081 Panther Heavy Duty Rechargeable Hand Lamp

- 1 mile beam
- High / low light beams
- 50W xenon main bulb and 20W halogen secondary bulb
- Operates for 11/2hrs on high beam and 4hrs on low beam
- Mains charger included
- Battery charging indicator (red to green)
- Detachable shoulder strap
- Adjustable stand

The PANTHER is a very powerful robust patrol handlamp, with both distance spotlight and local area floodlight beams. It is used for professional applications by emergency services, utility companies, security organisations, and both military and civilian rescue teams. It is also virtually unbreakable, incorporating a toughened lens and a shock resistant polyethylene plastic casing. It can be used in all weather conditions.

Optional Extras:

- Red, amber, green and blue colour filters
- Infra-red filter
- Vehicle charging/mounting brackets
- 30W, 75W and 100W xenon bulbs for different light output
- IP65 version available
- Protective carry case
- Vehicle chargers
