

SUV002 GEN2+ HIGH DEFINITION NIGHT VISION GOGGLE

The HD NVG is designed for operation in even the darkest conditions. Being waterproof, lightweight and offering exceptional performance the HD NVG is the preferred choice of over 40 military organisations worldwide. The HD NVG is categorised as a generation 2+ but is actually equivalent to 3rd generation specification at 2nd generation prices. The system is available with optional additional x5 and x3 lens as well as a wide angle model with a 60° field of view.
