

Specialist Security Training and Consultancy Services

DSE International is able to provide a comprehensive range of specialist training and consultancy services in the following areas.

- EOD/Bomb Disposal
- De-Mining
- SEARCH
- High Risk CT
- Surveillance and Covert/Overt MOE
- Counter Surveillance/TSCM/SWEEPS
- Close Protection/VIP Protection/Evasive Driving
- Medical Training
- Equipment

All of our instructors/consultants are highly qualified ex UK Government personnel who have had extensive operational experience and have conducted numerous training assignments.

Training can be conducted either in the UK or overseas at corporate, government or military locations.

The above list represents our core areas of expertise but is by no means exhaustive. Courses can be tailored to meet organisational/operational requirements.

Please email DSE International for further information and to obtain a course syllabus.
